

Jclic: indiquer le chemin des activités

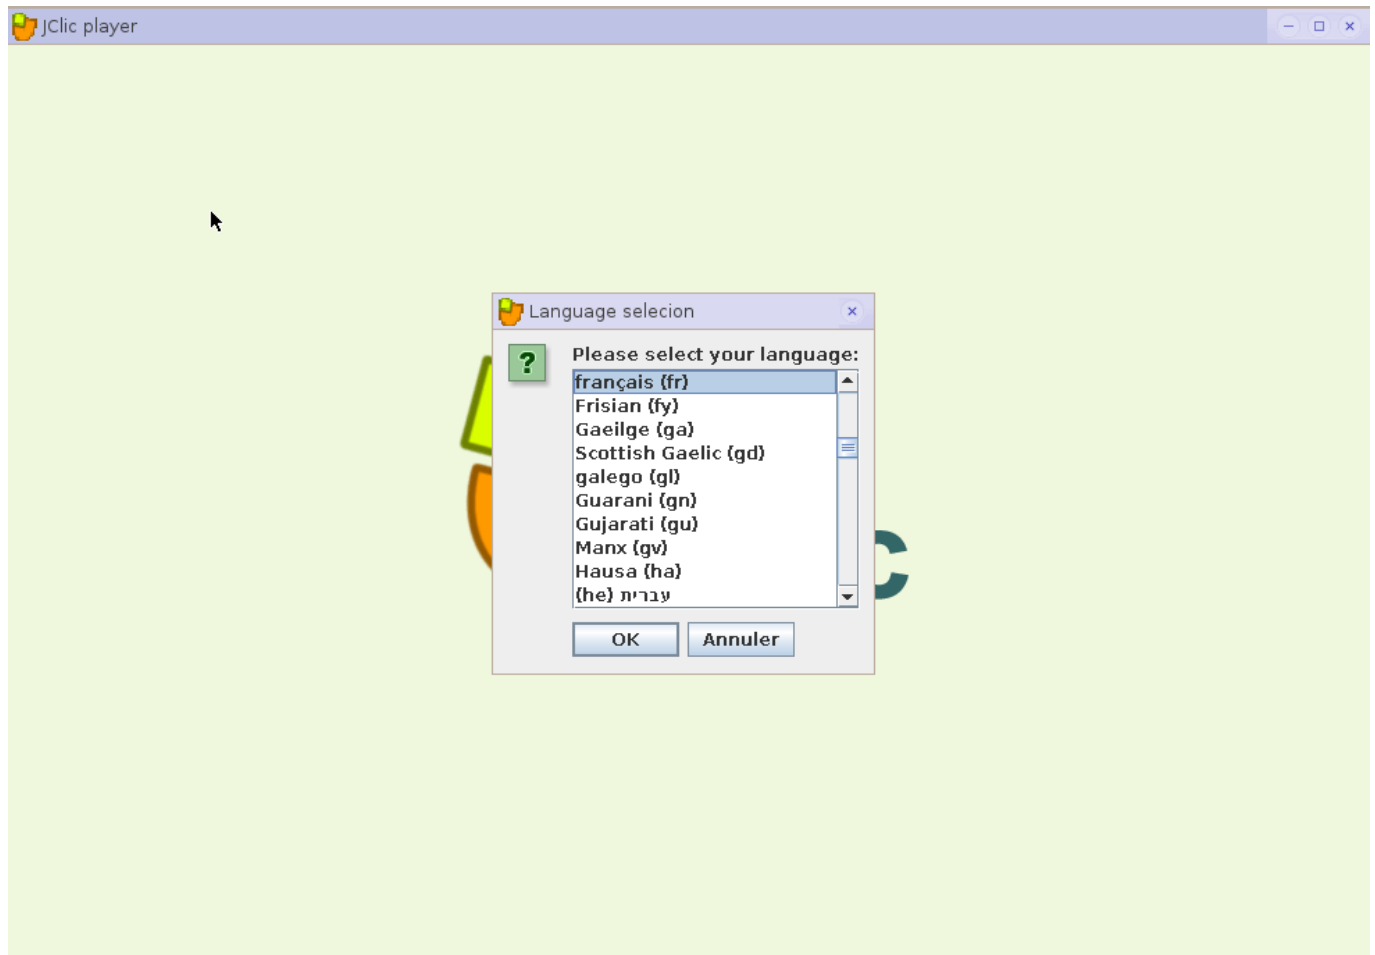

Cette manipulation est à effectuer au premier démarrage sous administrateur, mini, super et maxi.

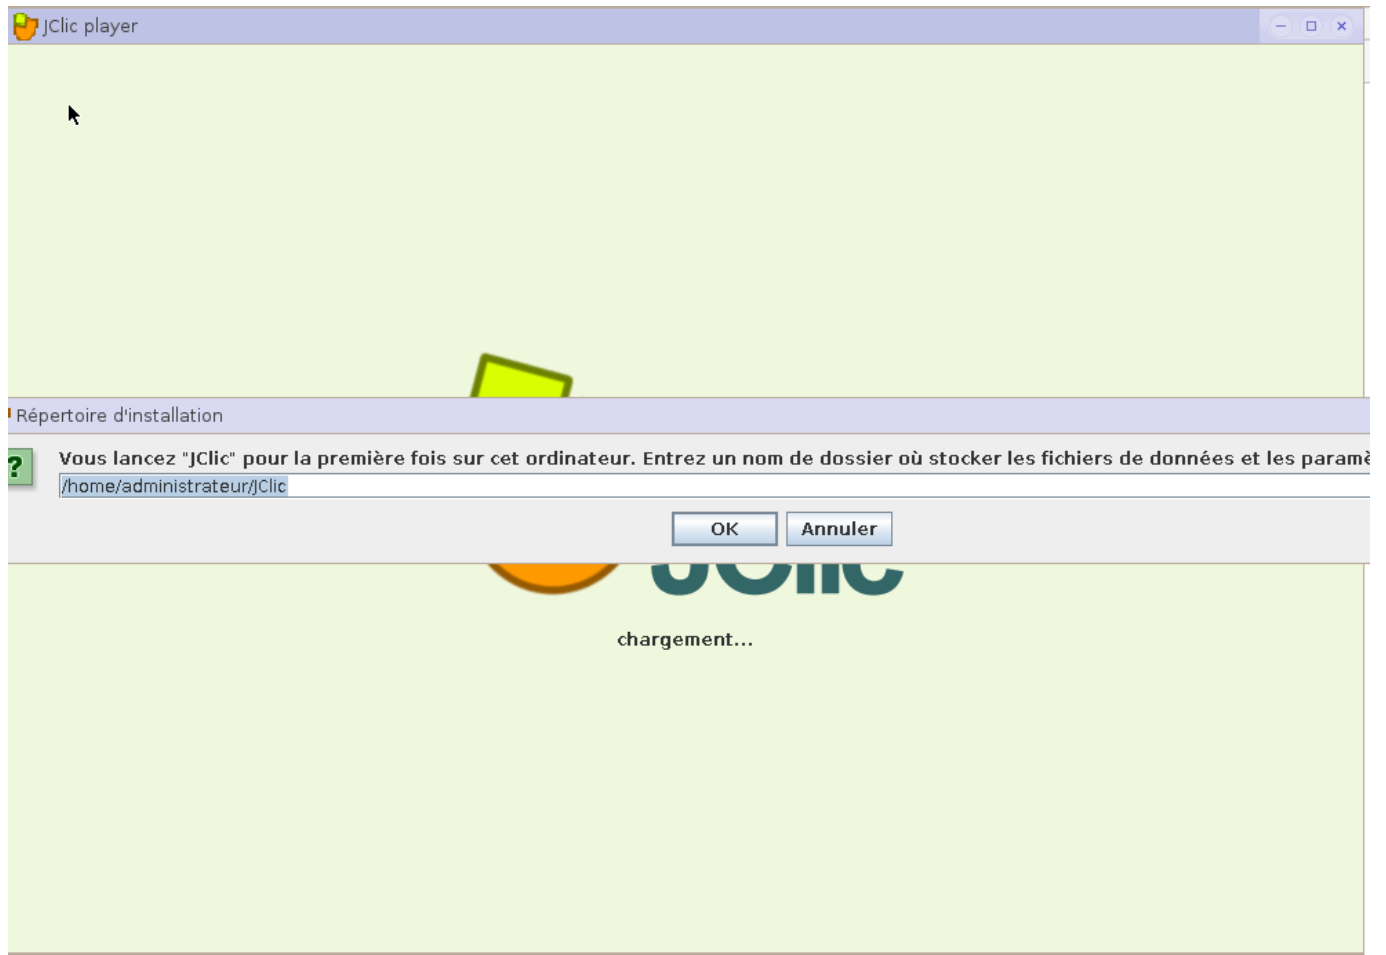

- Ouvrir Jclic:

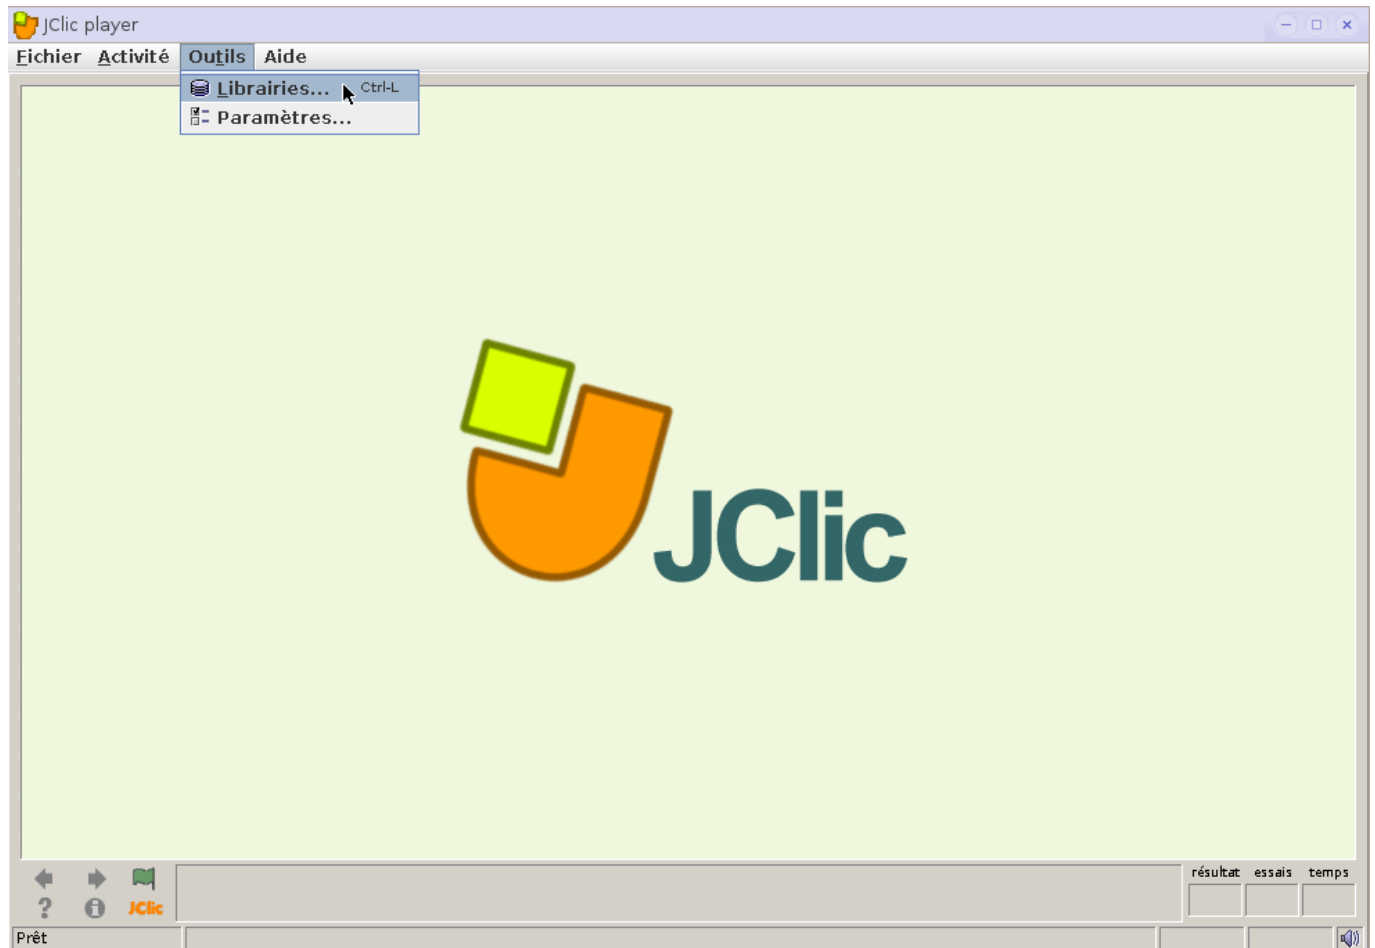

- Sélectionner la langue française:

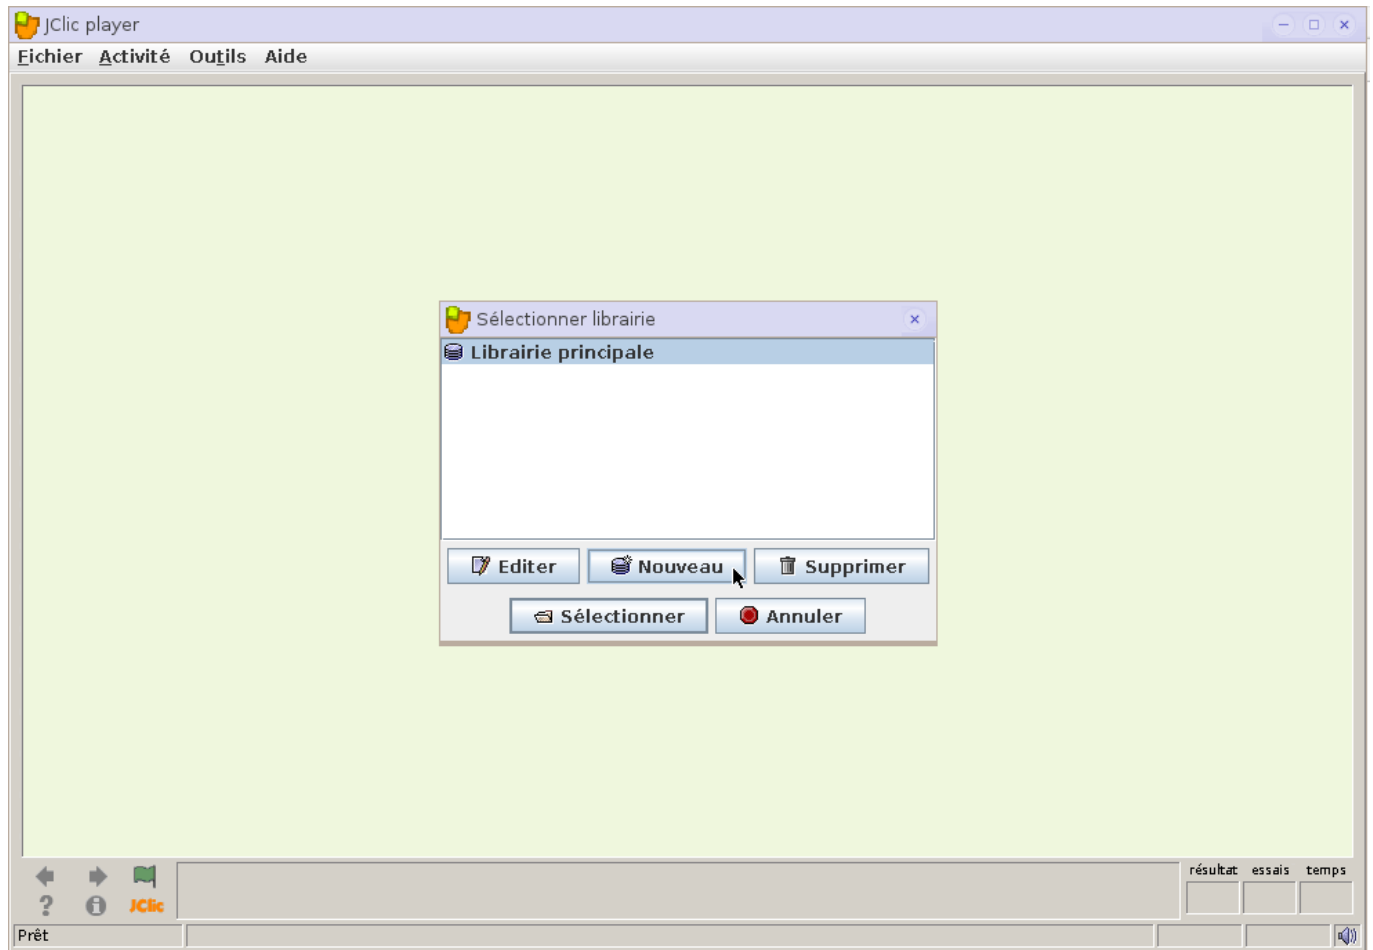

- Cliquez ici sur "OK":

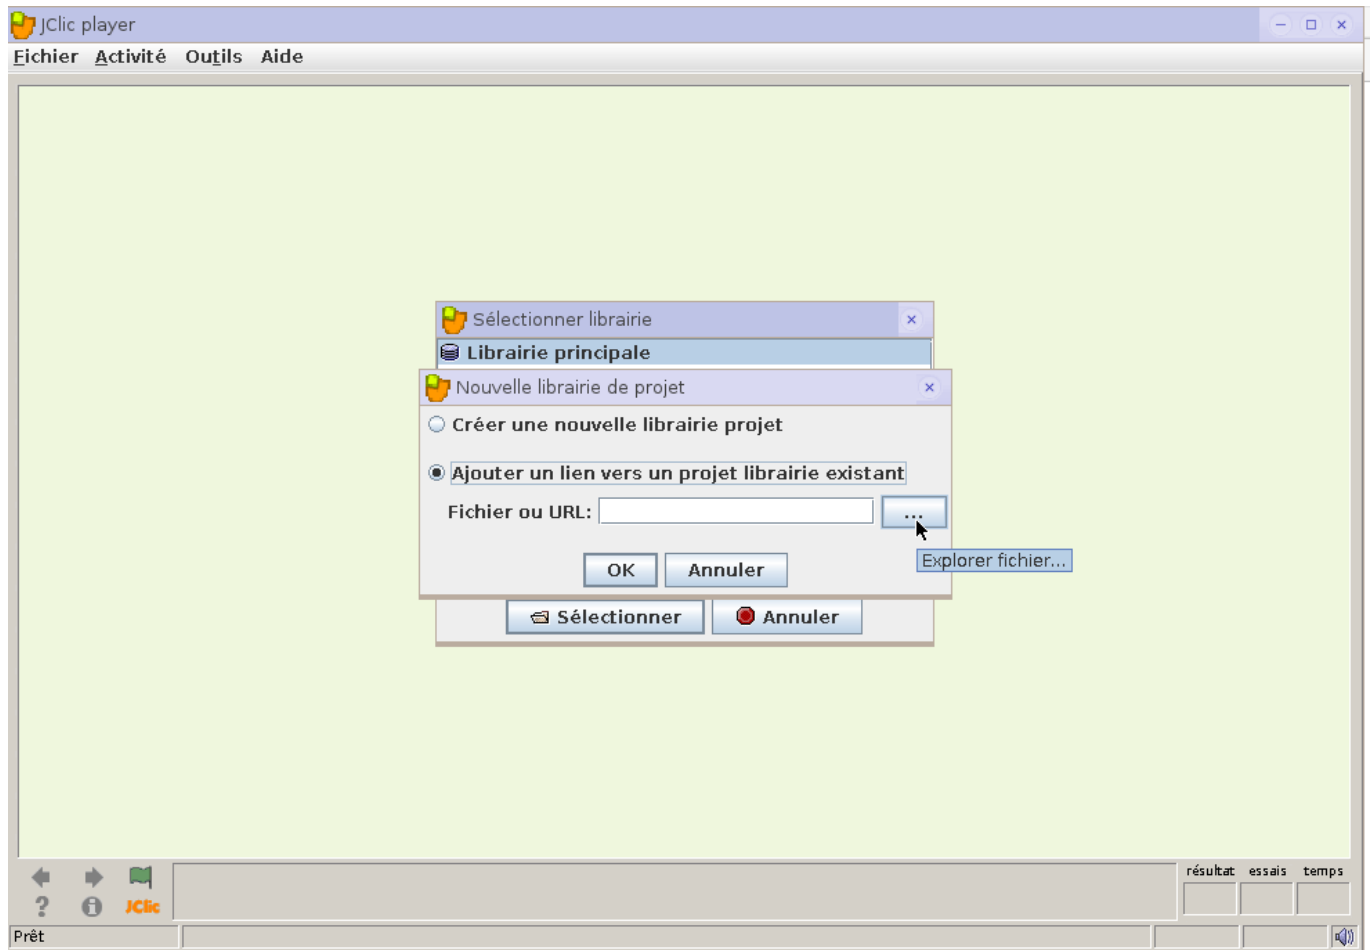

- Ouvrir “Outils ⇒ Librairies”:

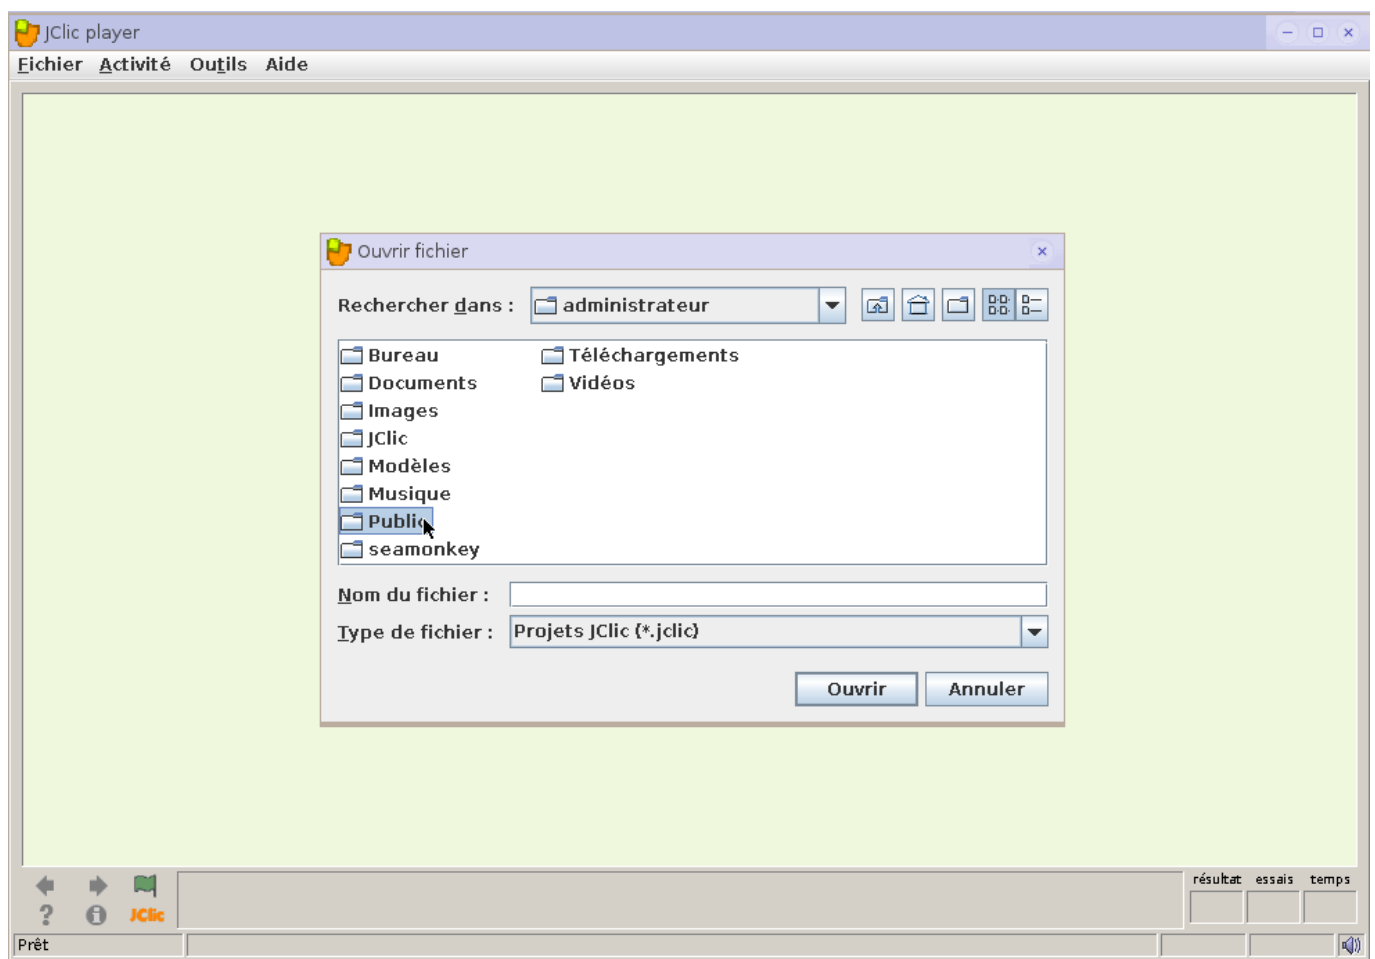

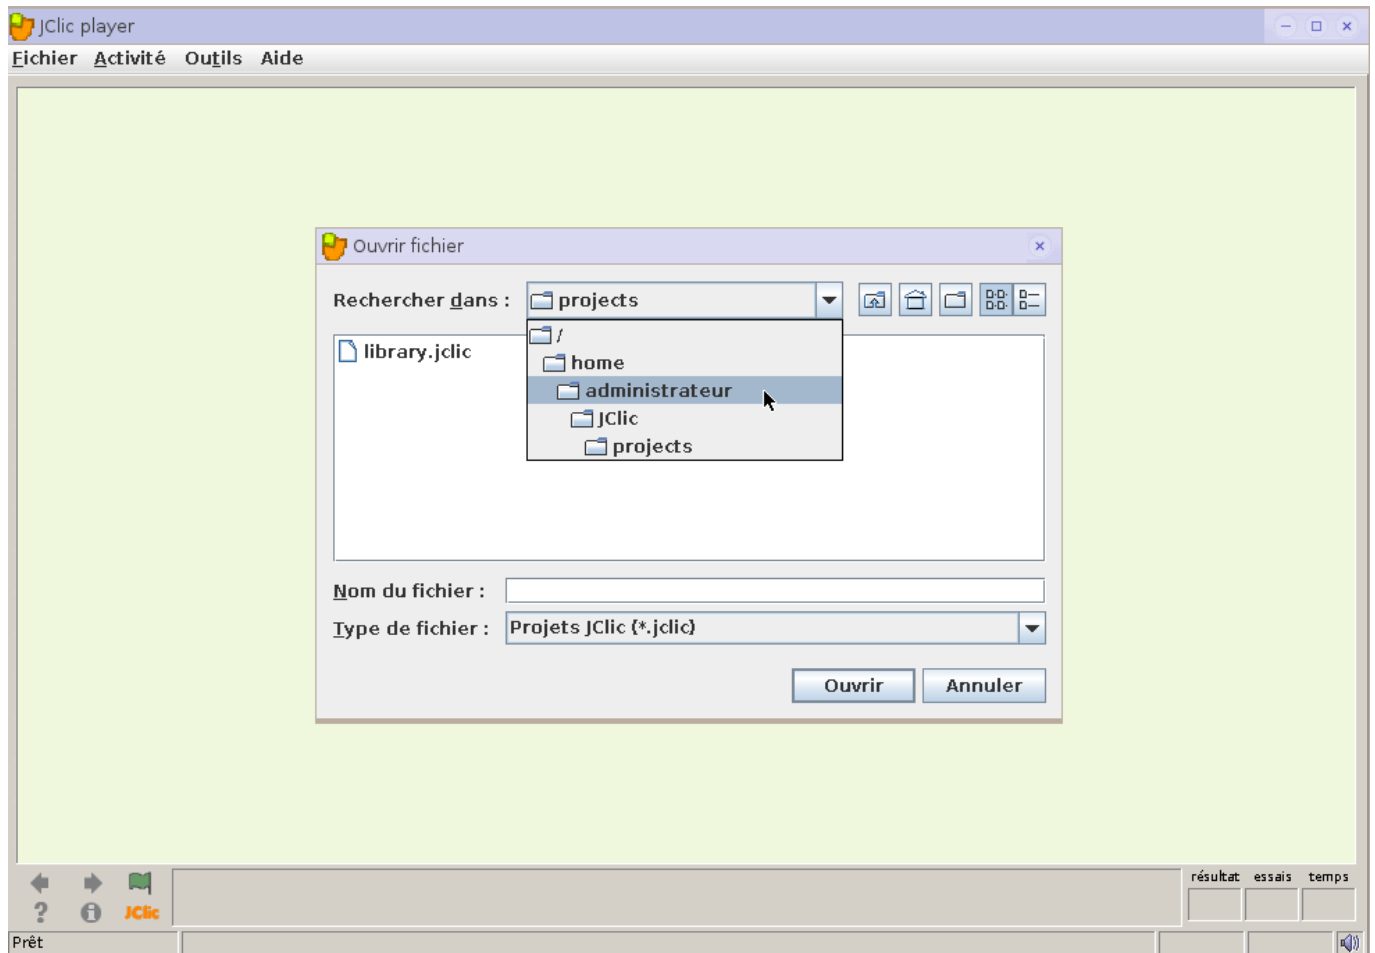

- Choisir "Nouveau":

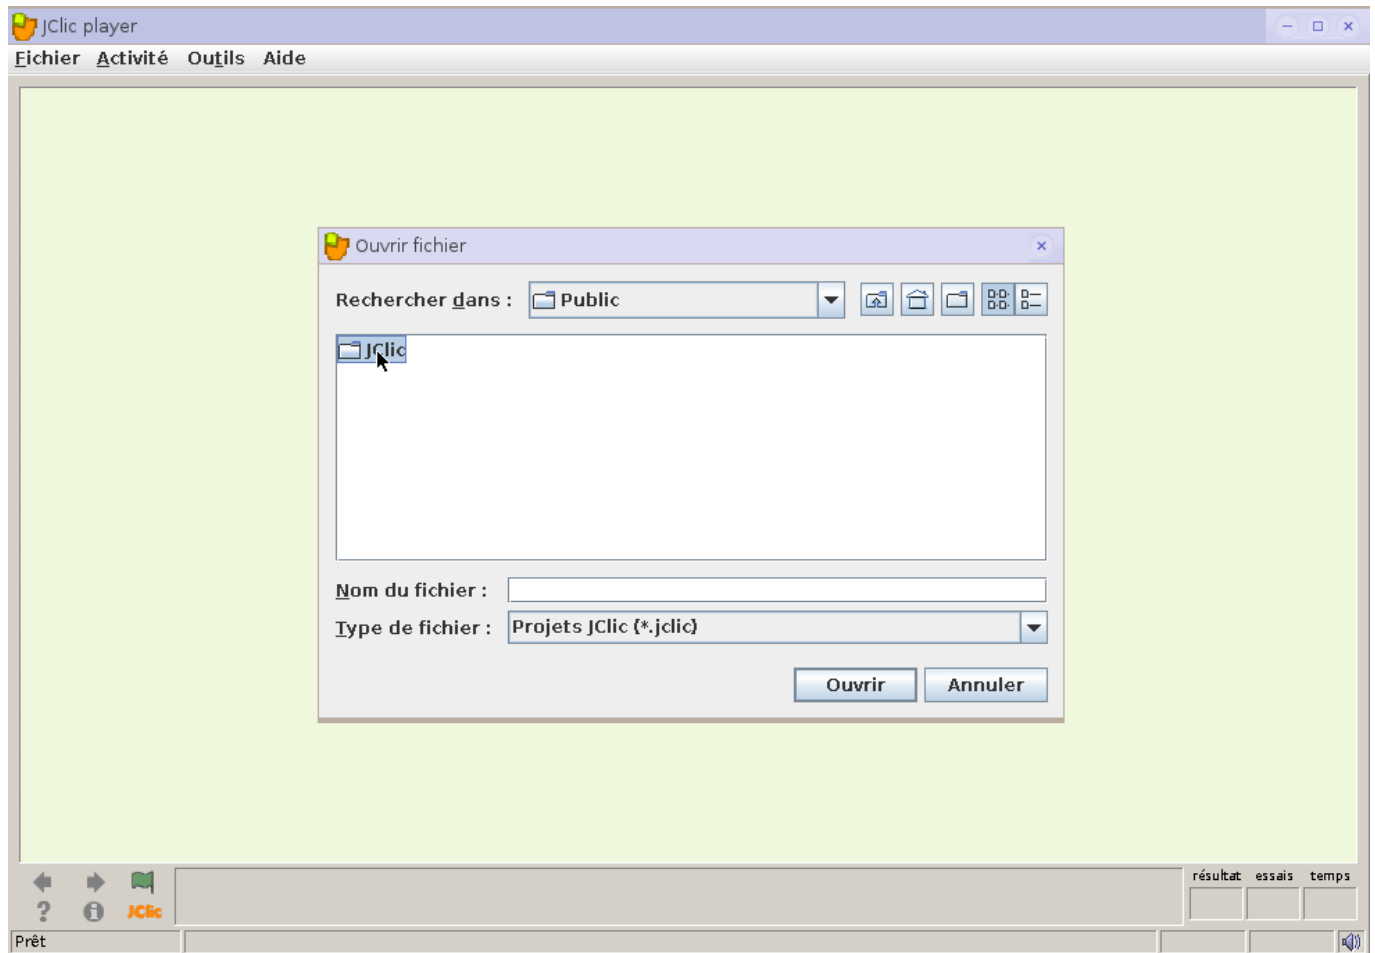

- Cocher “Ajouter un lien vers une librairie existante”, puis ouvrir l'explorateur:

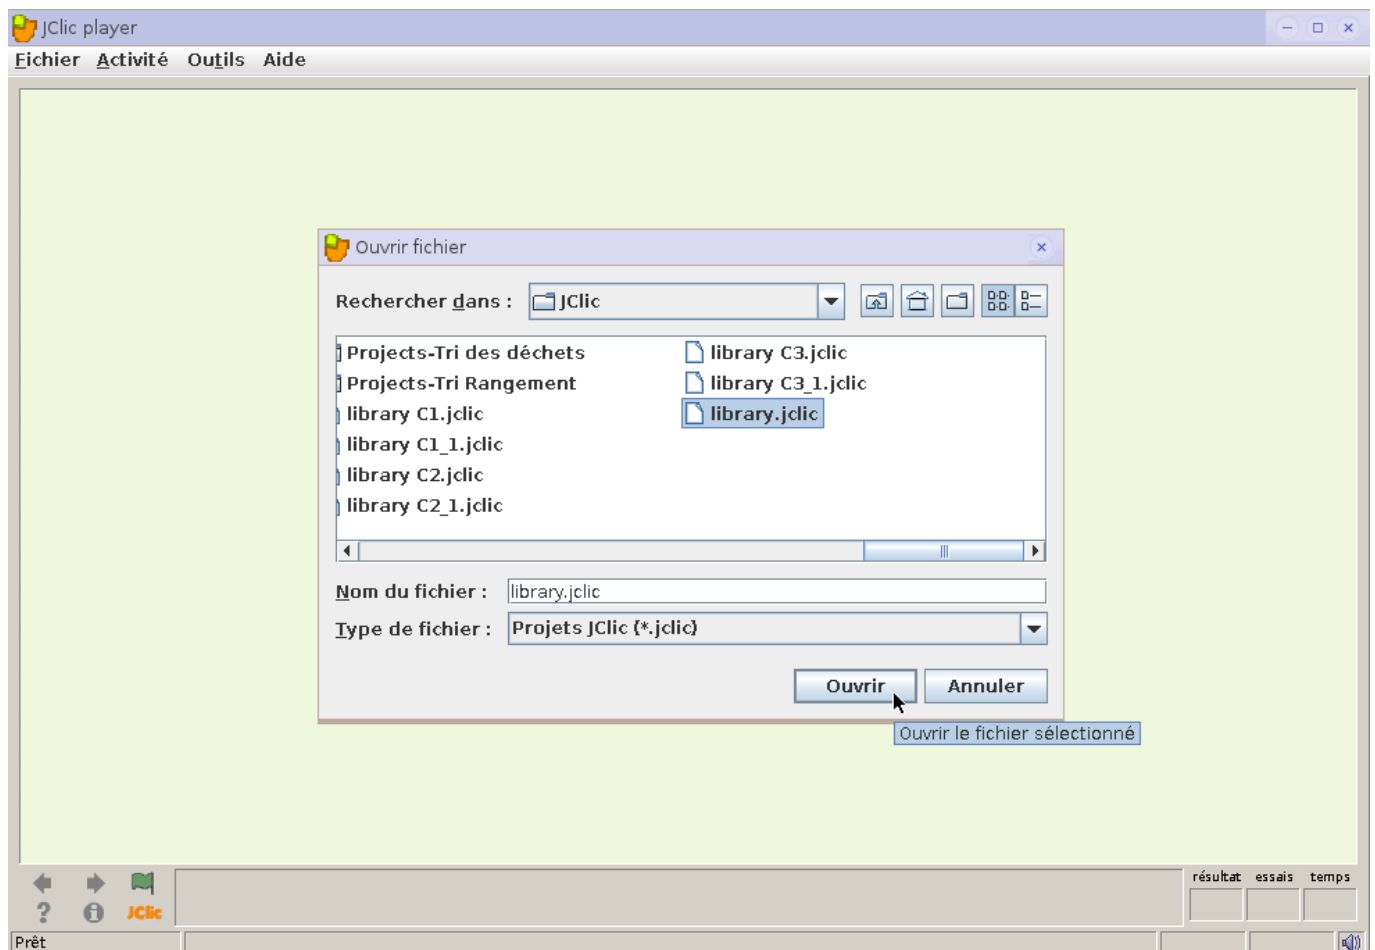

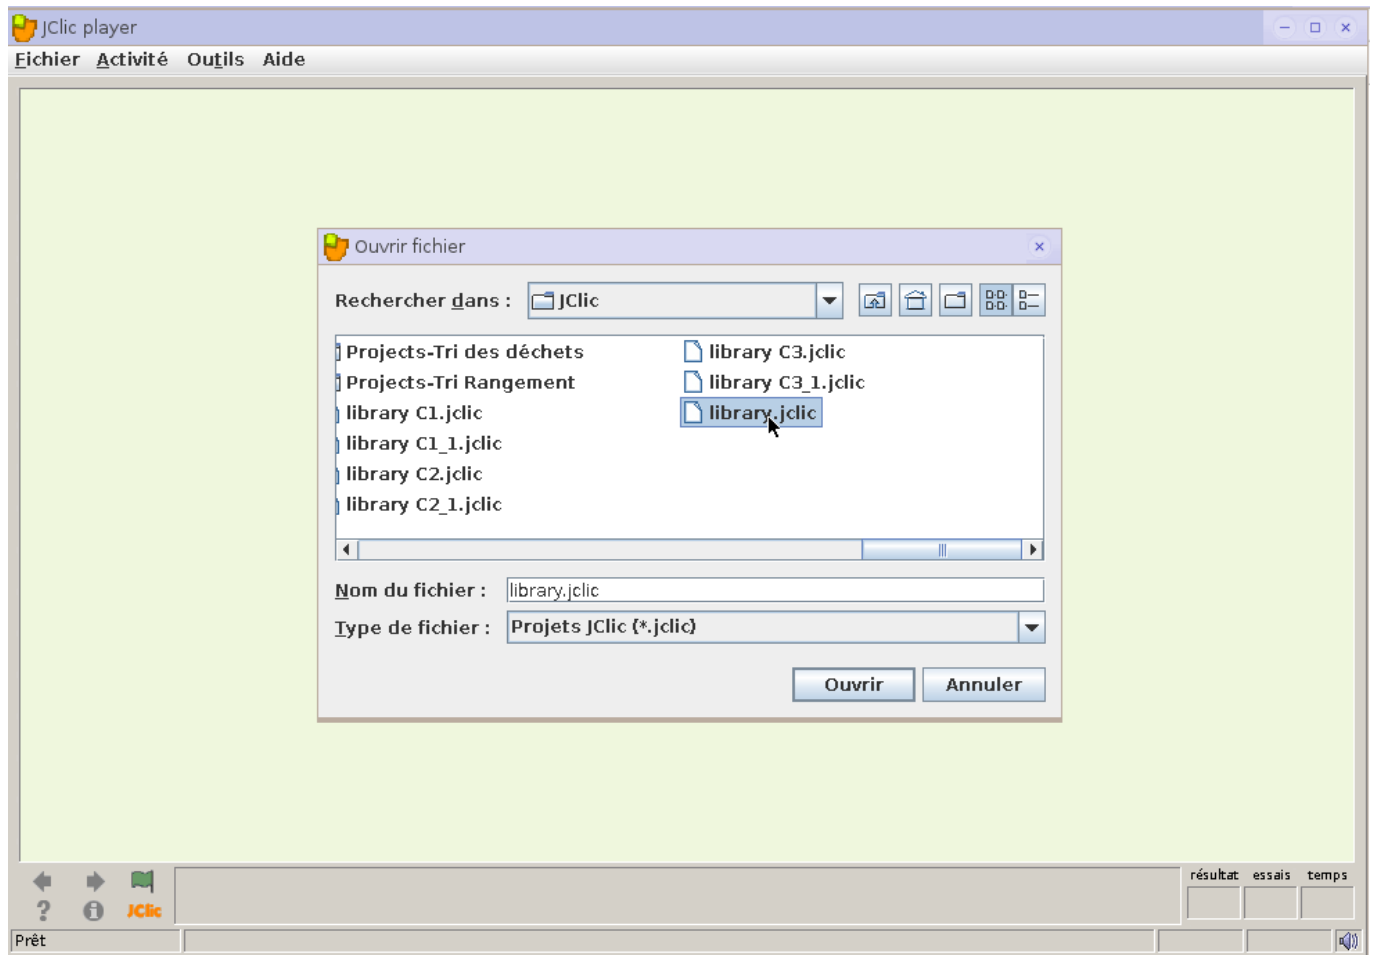

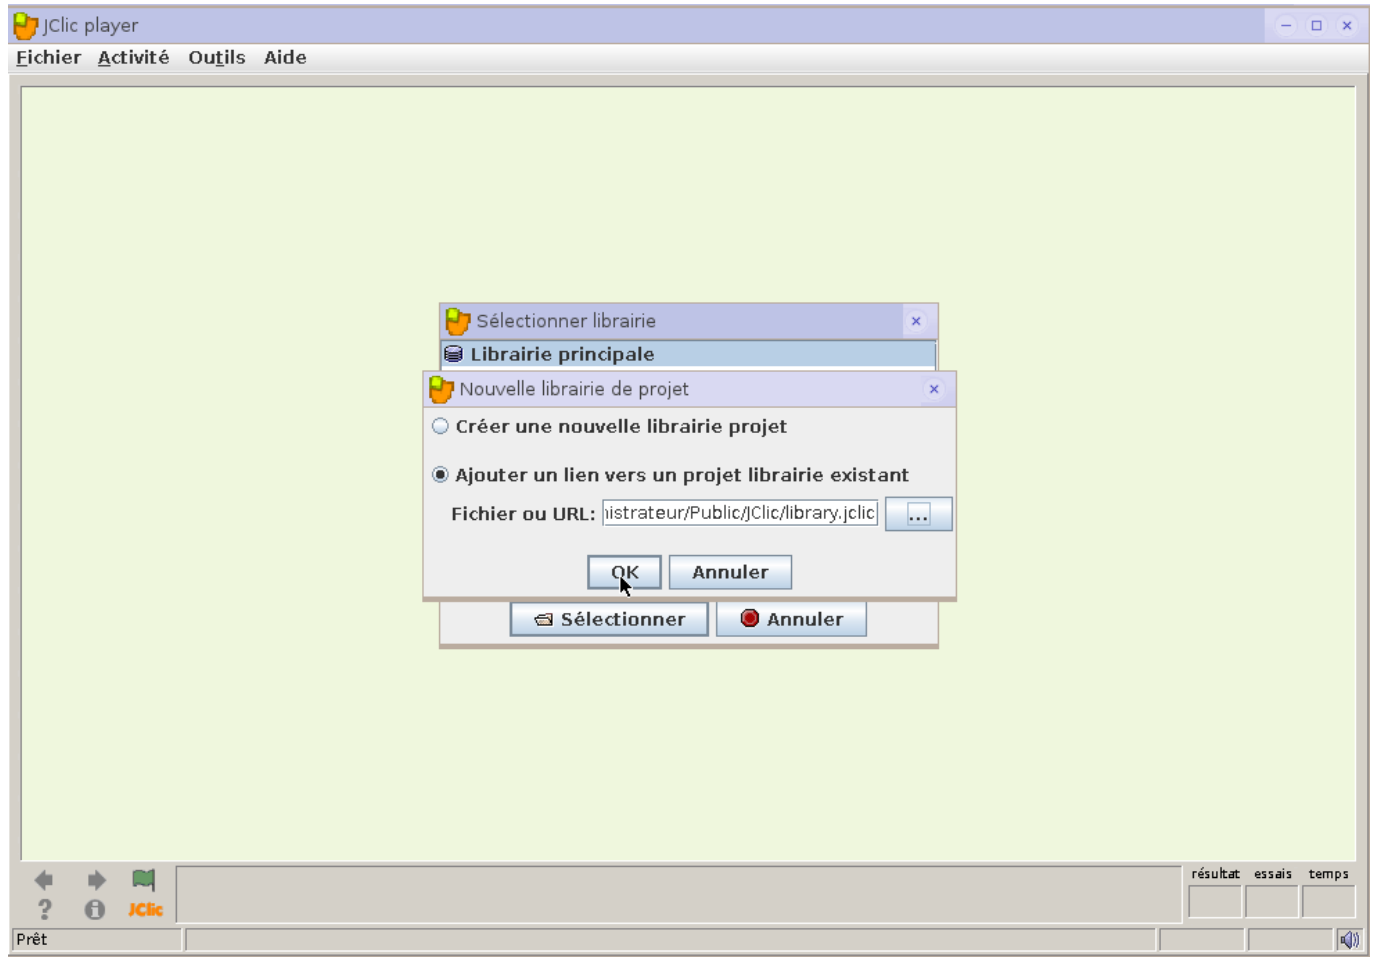

- Se rendre dans “/home/administrateur/Public/JClic”:

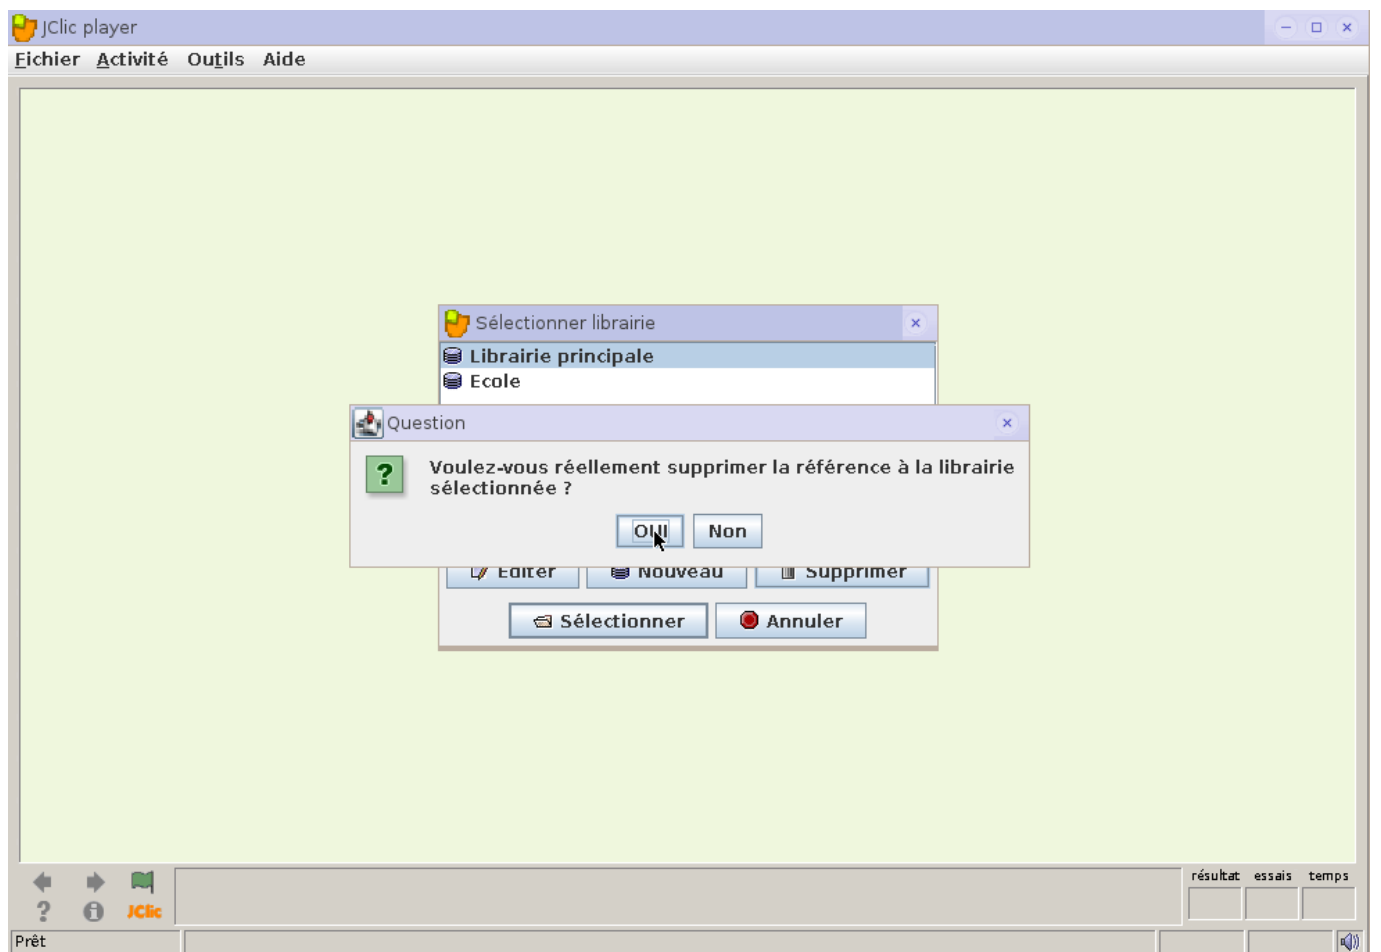

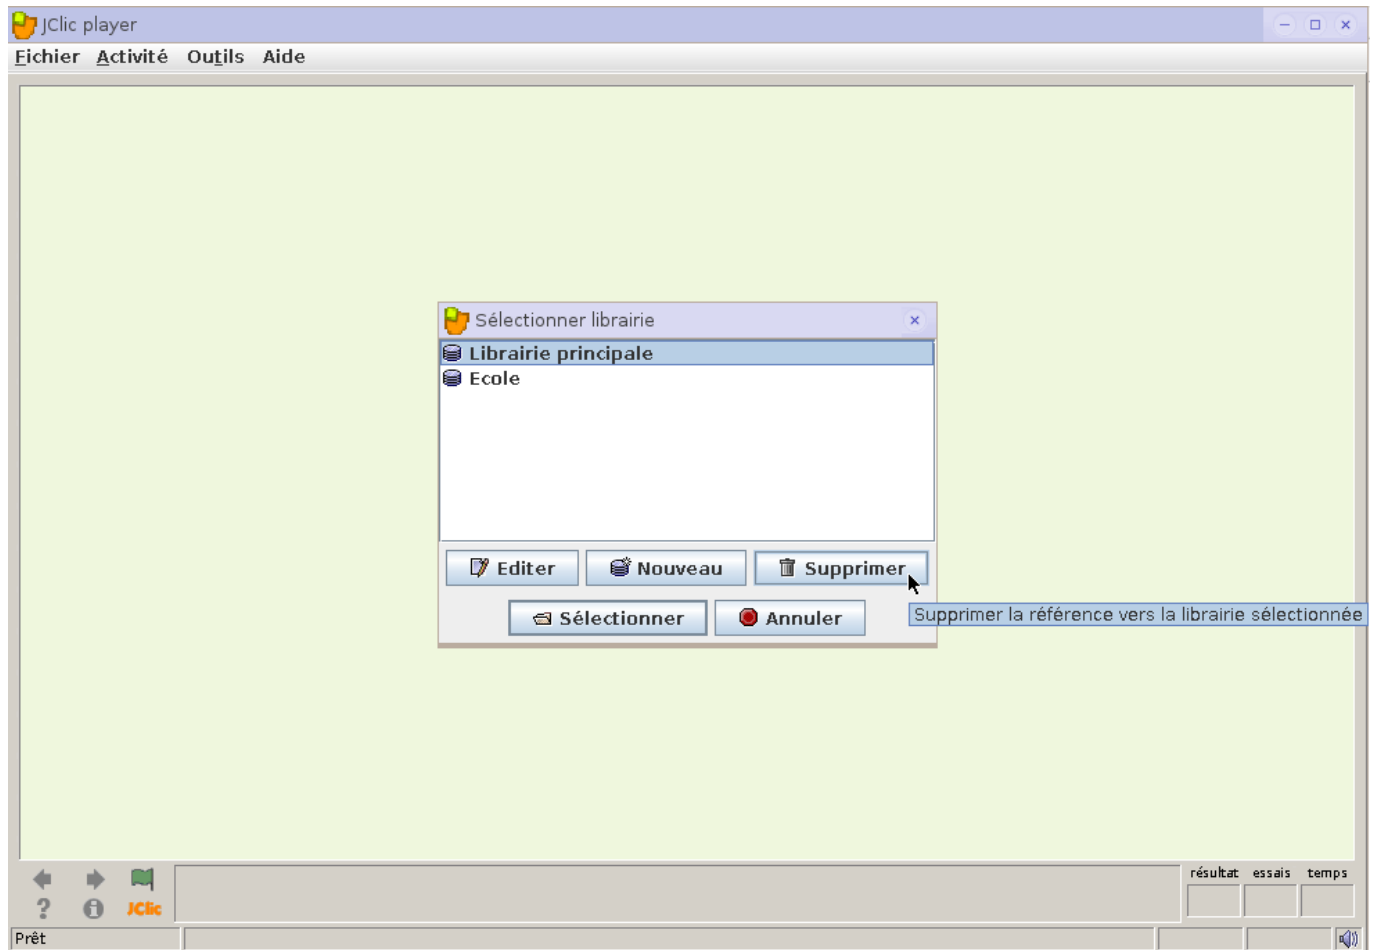

- Ouvrir le fichier "library.jcllc":

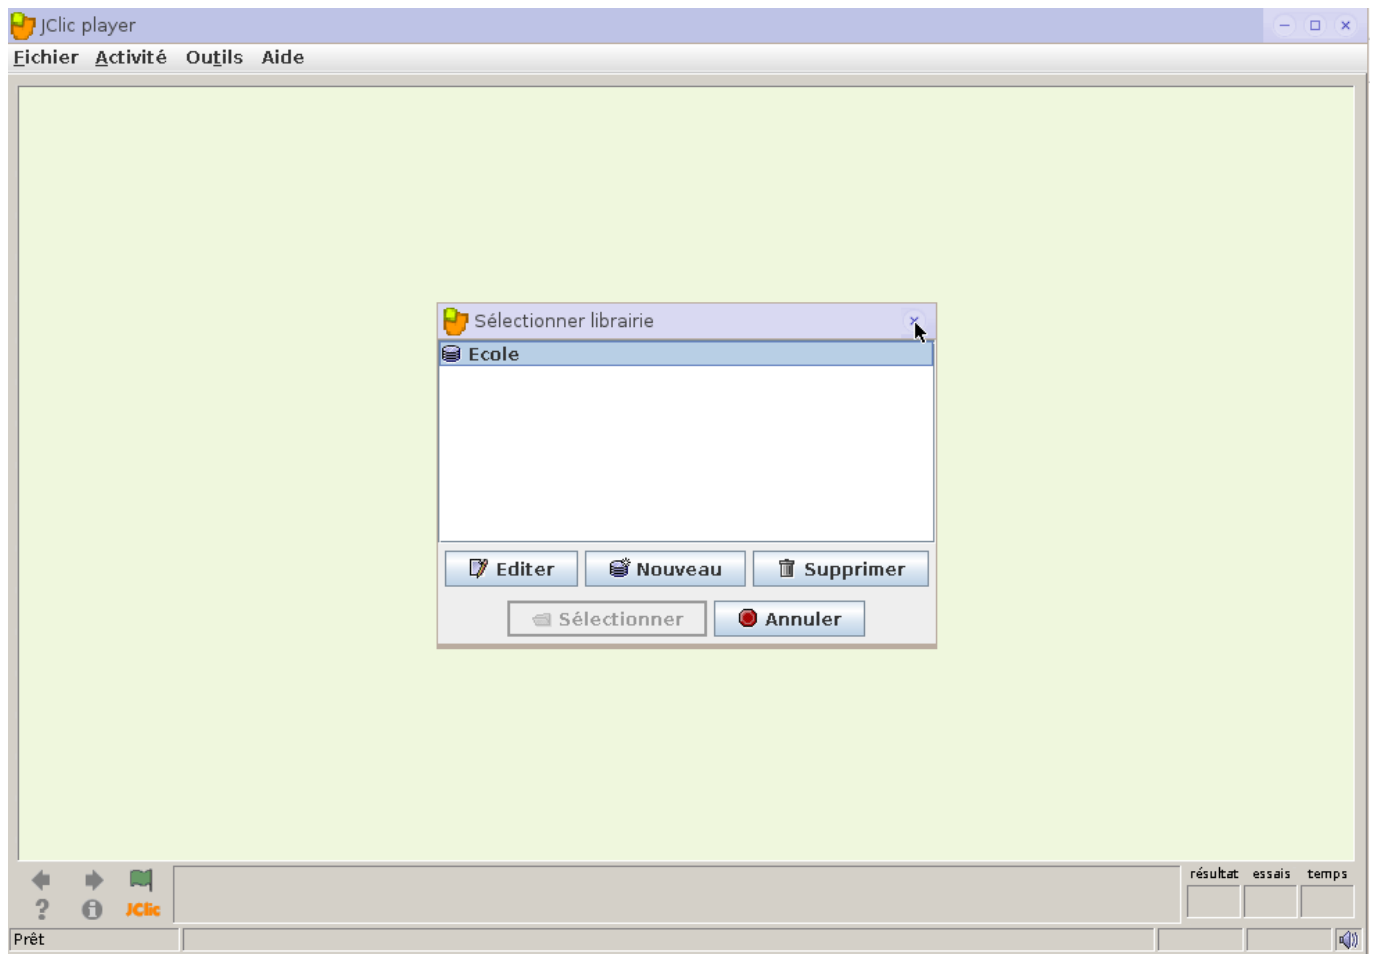

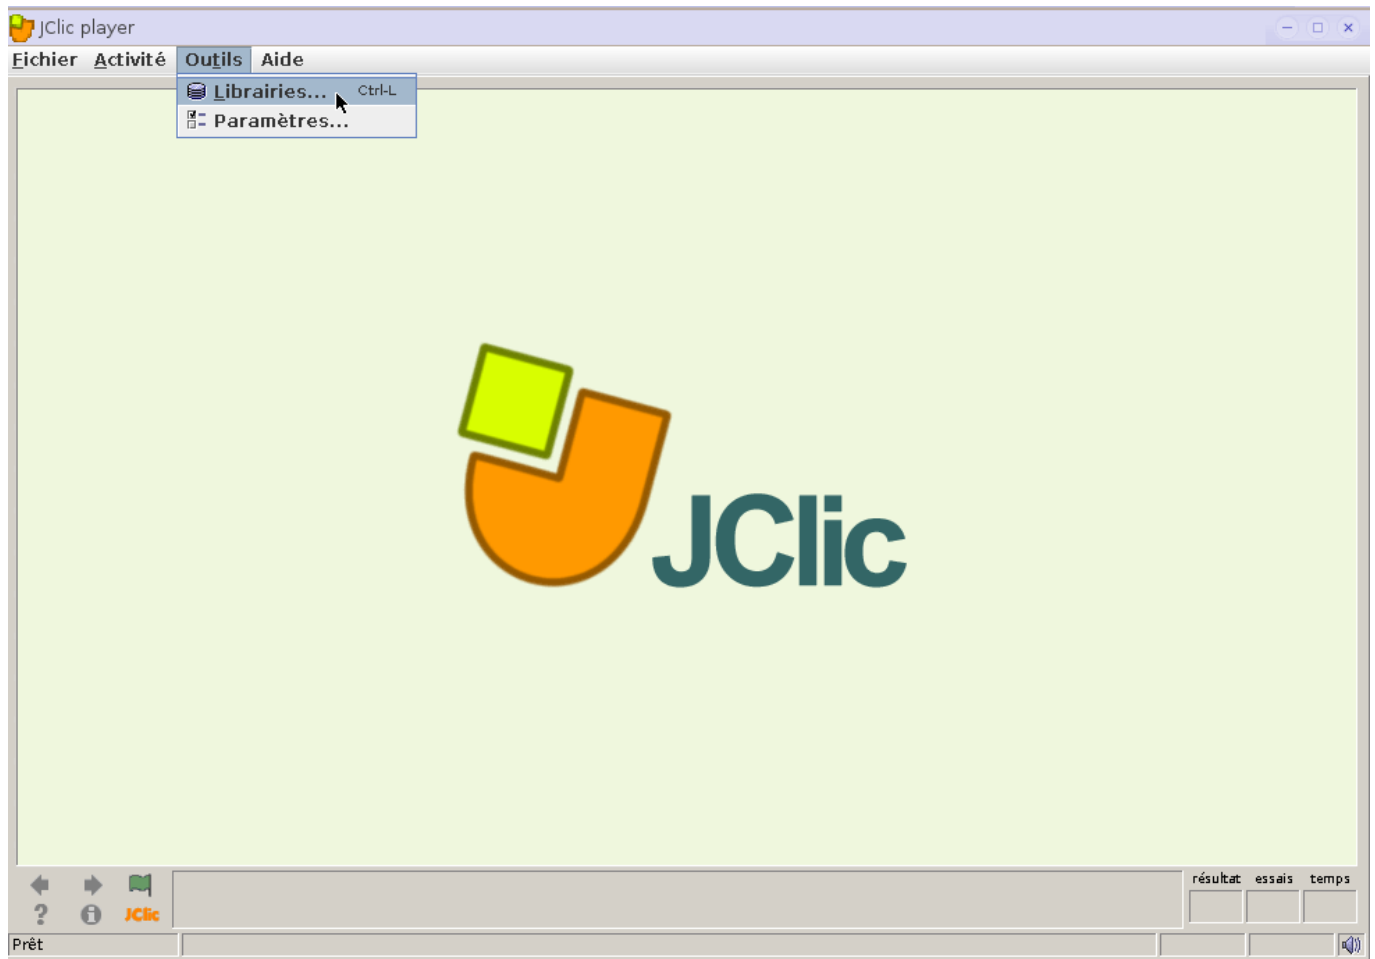

- Supprimer la librairie principale:

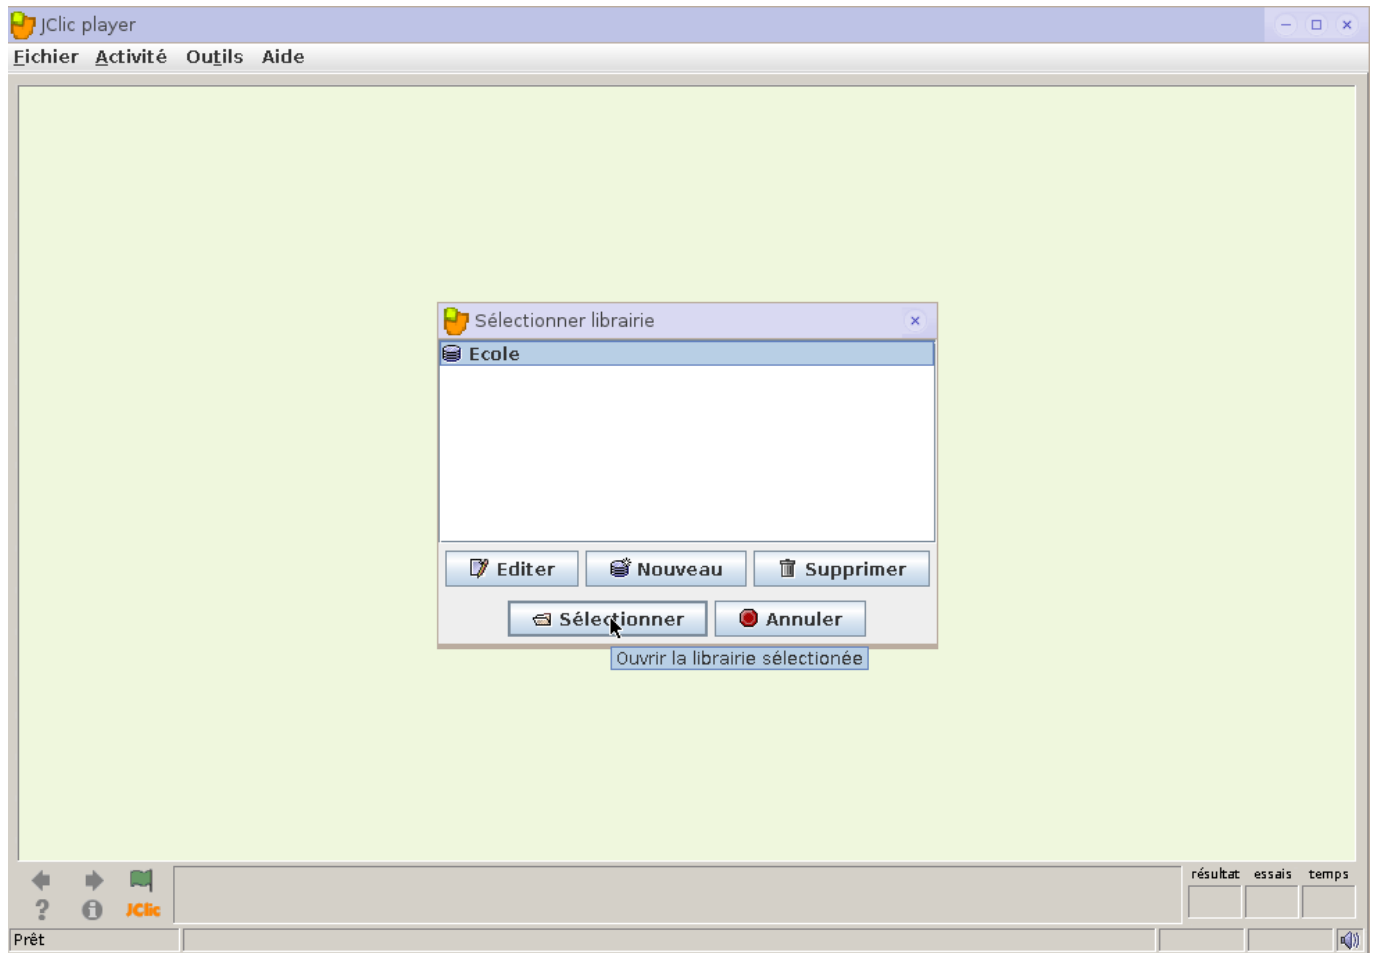

- Fermer la fenêtre:

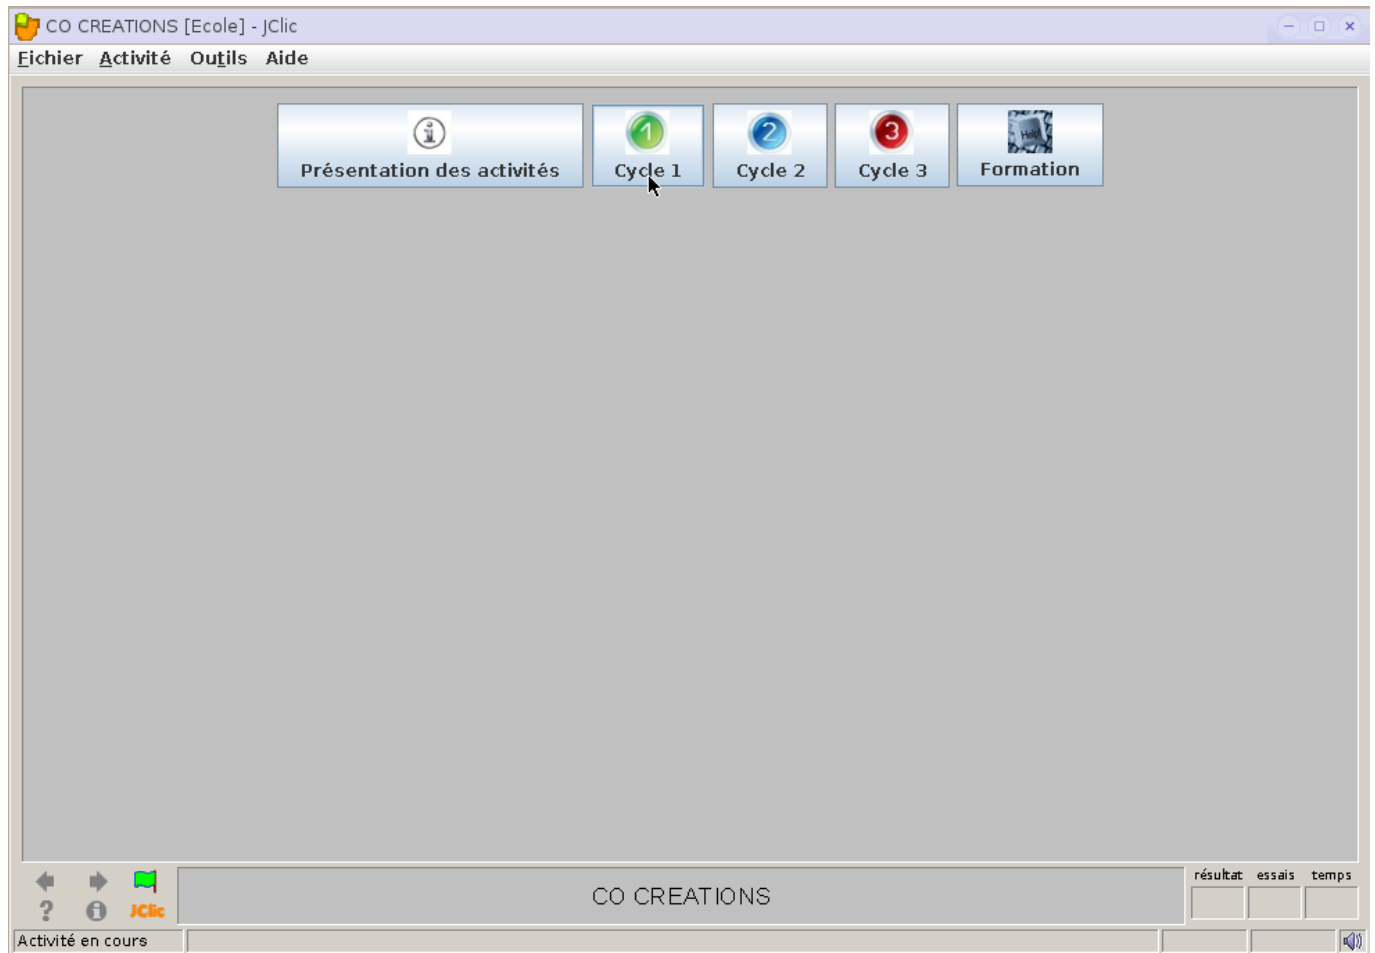

- Ouvrir à nouveau les librairies:

- Sélectionner la librairie “Ecole”:

- Il ne reste qu'à choisir le cycle:
